

DISCUSSION PAPER

SUBJECT: Abandoned Vehicles on Water Island

FACTS: We continue to accumulate non-operational cars and trucks on island. Both property owners and transients leave their “junk” vehicles at the Deepwater Dock, Ferry Dock, Flamingo Bay Marina, and along the roadsides.

The vehicles become a real eye sore and WICA ends up spending funds to get cars moved off island (some owners do reimburse WICA to move the vehicles).

QUESTION: What can be done to prevent the accumulation of these non-operational vehicles?

DISCUSSION: Continued reliance upon St. Thomas to move the vehicles is not realistic. Should WICA continue to fund the removal of vehicles? Is there a way for WICA to “force” owners to move the vehicles off island? What should WICA do? Keep in mind that WICA has **NO** enforcement authority.

TO WICA MEMBERS - Please provide any ideas, suggestions, or recommendations (that are feasible and legal for WICA to implement) to chuckgidley@hotmail.com.

This will be a topic of discussion at the Annual Meeting under New Business.

I would like to be prepared for the discussion by having received your input.

Chuck Gidley
