

Email Received by Beth McConnell from Bob Jackson

*Hi Beth,*

*We have been working with the Legislature on some amendments to the TIF Act and the Hotel Incentive Act. The proposed changes are primarily technical and required by the bond investors in order to secure the bonds.*

*Until the Legislature acts on the amendments and the Governor signs them, we have suspended other activity. We need a show of good faith from the government before we spend more money.*

*Regards,*

*Bob*
